

Discussion questions

1. Do the 6 priority areas proposed capture the range of gender-environment issues for A-P? Would you add any other priority area or propose an alternative categorization? Please explain. (refer to slide 11)
2. Is there any other SDG indicator relevant for the gender-environment nexus in Asia and the Pacific that has been left out from the proposal? Is it identical to SDG, similar or context indicator? (refer to slide 12 & 13)
3. Would you drop any of the proposed indicators and why? (refer to slide 12, 13, 16 & 17)
4. Should the context indicators stay in a separate category, outside of the main framework proposed? (refer to slide 17)
5. What are your suggestions for the remaining gap areas? (refer to slide 18)
