

Strengthening methodologies and measurement and building national capacities for violence against women data

Participating UN Organizations:	United Nations Entity for Gender Equality and the Empowerment of Women (UN Women) and World Health Organization (WHO)
UN Technical Partners:	United Nations Population Fund (UNFPA); United Nations Statistics Division (UNSD) and United Nations Children’s Fund (UNICEF)
Convening Agent:	UN Women
Administrative Agent:	UN Women
Joint Programme Goal:	Quality, comparable data on different forms of violence against women are available and collected over time to address national data gaps and meet policy and reporting commitments under the SDGs, CEDAW and the Beijing Platform for Action
Joint Programme Outcomes:	Outcome 1: Measurement and methodologies for violence against women data collection and use are strengthened and disseminated, including for national, regional and global monitoring and reporting requirements for SDG target 5.2 indicators
	Outcome 2: Capacity of national institutions to collect violence against women data in line with globally agreed standards is increased
	Outcome 3: National data on VAW are collected, made accessible and used for advocacy, policy and programming to end violence against women and girls
Indicative budget:	USD \$8,167,931
